

LUCIAN J. EASTIN EDITOR.

LEAVENWORTH,

FRIDAY, DECEMBER 15, 1854. Gov. Reeder and the Legislature.

tions urged against Gov. Reeder. We do of which any one might feel proud. We not appear as his apologist, but simply to have labored assidously to make it a paper state a few facts, to correct, what we deem devoted to the best interests of the Territoerroneous statements. We desire to do ry, and National in its character. We justice to all parties, and would not if we have had to forego many of the pleasures know it, do injustice to any.

has kept entirely aloof from the question of doors writing editorials on a shingle, and slavery, and is for carrying out strictly the sleeping on the ground. But now we are Claims on the Delaware Lands, to state that his principles of the Kansas bill, and for the comfortably, situated, in a good house, with Office and Books are kept in the Land Office of people settling all questions relating to their plenty to live on, a respectable sanctum, domestic institutions for themselves.

Gov. R. never sought the office he now holds, and though he was "confirmed in July," while at home, he had much to do before he could leave. He was here early in October, only a very short time after the give us their aid and support. We have to the patrons of the Herald. Governor of Nebraska had passed up the expended a considerable amonut of our country. A few days after his arrival, he made a tour of observation through the ter- a paper properly conducted at this place, ritory, returned in about two weeks, ordered an election for Delegate to Congress on tricts, and sent his Proclamation by special aid and encouragement. The Herald is dy known to man for the cure of all diseases a the 29th November, laid off eighteen Disour Delegate elect was enabled to leave on in the Territory. It commenced its existence the 5th December, and reach Washington almost with the birth of the Territory, and at the commencement of the session.

How was it in Nebraska, where it is said the Governor has progressed rapidly? An election for Delegate was only held on Tuesday last, and before the successful candidate can get his certificate, and get on to Washington, (having to travel much of the distance by land) this short session will perhaps, be near half spent. Our Delegate is now at Washington, and who will not say it was not a matter of the first importance for him to be there at the commencement of the session? In Nebraska there were but nine Districts, while in Kansas we had eighteen, and Nebraska is perhaps twice or sas is ahead of Nebraska. .

But it is said if the Governor had ordered an election of members to the Legislature, at the same time he did for a Deleright. And then again it is charged he is postponing the election 'till abolition societies can pour in their votes here in the spring. What evidence has any one for such a charge? None that we know of .-We are therefore not disposed to condemn a man without a fair trial. We cannot believe he is putting off an election for any such purpose, but on the contrary believe he will order an election before the time

If it should turn out that Gov. Reeder delays ordering an election beyond a reasonable time, he would then justly be charged It is published by WM. H. ADAMS, (formwith culpable negligence of his official du- erly of Chillicothe, Mo., and more recently ties, and none will be more ready to speak out in condemnation of it than ourself. But we are unwilling to comdemn a man more for what it is supposed he will do, than for what he has not done.

Believing that the census will be taken before spring, and also an election had, we are satisfied to wait. Suppose it should turn out that an election takes place by that time, can any one complain? And will it not be better to have the election towards the close of winter, than to have had it at the commencement? Those of our neighbors, who have claims in Kansas, can then move over, and become actual bona fide citizens, whereas the winter which is before them, deters many from coming.

What we have said upon this subject, are our own reflections. Believing there is time enough yet to have an election before spring, and that it will be done, justice to the Governor requires that he should, at least, not be condemned too hastily.

DELAWARE CITY .- The editor of the Parkville Luminary on a recent visit to Delaware city, thus describes the adjacent country and town:

"Indian improvements were to be seen here and there, pretty good fields of corn and some winter wheat. The buildings and fences all looked good, and permanent.

The town is beautifully situated on the Kansas river, on a gradually rising eminence. It is as yet not much of a city; it may have its streets, parks and avenues, but we saw no stately domes or towering spires .-Its houses are all of modest pretensionssome seven all told; these built in primitive style-of logs-two of which are trading houses. It is a city in embryo. No paint is seen to dazzle the eye in the whole city.

Its future prospects, we are told, are very flattering. It has three important requisites for a town-a rich country around it, with a good site, and a navigable stream for a portion of the year."

Improvements in Leavenworth. The work of improvement is still progressing in our young city. The demand for large buildings, one of them, a store house, have gone up within the last week, and every day brings us citizens, who are only every day brings us citizens, who are only also by the principal Druggists and dealers in deterred from building by the scarcity of medicine throughout the Western States. material and workmen.

Leavenworth is bound to be the commercial emporium of Kansas, and while we are rejoiced at its growing prosperity we are pleased to see that our sister towns are also improving. We despise the petty jealousies which grow up between rival towns and hope that our neighbors of the Kickapoo Pioneer will not for a moment think that his "sarcastic" allusion to our city and ourselves has disturbed our equinimity. We like a 'fearless and independent opponent,' and would rather have the Pioneer "hit us a lick," right in the face than stab us in the dark by publishing the communication of an anonymous scribbler, who would not if he could-do us justice, and who is evidently prejudiced against this city.

HIGH PRICES .- Mr. M. Clark, sold a few days since, sixty acres of unimproved land adjoining Leavenworth for one thousand dollars, cash in hand.

Dr. Few, was offered two thousand dollars, for sixty acres of unimproved land adjoining town, but refused it.

These may seem to be high prices, but when it is taken into consideration, that in Weston, we say try it, and if it fails to cure, Leavenworth is bound to be a great city, and the mony shall be refunded to the purchaser. the commercial metropolis of Kansas, it is low. These same lands will in a few years sell for two hundred dollars an acre. These prices serve to show too, the confidence our citizens have in the place. DR. CARTER'S COUGH BALSAM .- Is a promp and effectual remedy for coughs, colds, asthma, consumption, bronchitis, pain in the side and breast, and all diseases of the lungs. At this season the sudden changes of the climate, and the cold bleak winds of the north, produce coughs and colds-dangerous colds, which demand of the wise and the prudent, the earliest attention. Reader, have you a cough or cold? Do not neglect it. Thousands of the old and the young, the fashionable and the gay, are annually consigned to a premature grave by neglecting to attend to a common cold. Coughs and colds lead to consumption, and if not removed by a proper remedy, to an early death. Be advised in time. Procure at once that celebrated remedy, Dr. Carter's Cough Balsam, which has cured thousands upon thousands after all other means had failed, and which seldom fails to cure the most appalling stages of consumption.

JAGESONVIIGE. Bansas Territory.

THE undersigned in behalf of the proprietors have determined on laying of a town of the above name, at one of the most eligible points in the Territory. It is located on Noble's Fork of Stranger Creek on the Pottawathmic road from Parkville on the Missouri river to Uniontown, on the Kansas River, and at the juffetion of the Fort Leavenworth road. It is about 50 miles from Parkville, 15 from Leavenworth, 18 from Kickapoo City and 15 miles from the Eansas river, on a high beautiful belt of prairie of about half mile in width, with a large body of good timber on each side. The advantages of the location are already known and appreciated, and many persons are now waiting to build.

The location is about central between the Missouri and Kansas rivers, and with the best natural roads in the west leading to it. It is about central to a country that is susceptible of a large and dense population, and everything points to this place as the centre of a county that will be formed, making it of necessity a county seat. There is an abundance of lime stone rock, inexhaustible veins of stone coal in the immediate vicinity, which have been tested, and proved to be good. Added to all these there is good timber, good soil, and good water adjoining the town. There are several fine springs of clear running water on and adjoining the town tract, and but a few miles west is where the old Delaware Mills were established, said to be an excellent mill site.

The town will be surveved immediately and cellent mill site.

The town will be surveyed immediately and

The town will be surveyed immediately and plats made, but no public sale of lots will take place before next spring. But in order to accommodate those who want to build this winter a few lots will be sold at private sale.

An examination of the premises, will not fail to convice any one, of the superior claims of Jacksonville. The great body of the travel from the regson of country bordering on the Mo. River, from Weston down to Parkville, crossing, to the valley of the Kansas must pass through this place.

We have submitted a few facts to the public, to elicit thielr attention. A glance at the country will afford a view the most picturesque and lovely the eye ever rested upon. A rare chance is now offered to the poor man, the speculator, and all who want to make money. Here is the place to buy bargains.

THE LEAVENWORTH MESSENGER, a weekly Journal devoted to a liberal public policy, Agriculture, Manufactures, Mechanics Arts, Commerce, Education, and the Pro-slavery interest in Kansas Territory.

In the commencement of our undertaking as public Journalists, we are not unmindful of the many responsibilities we are assuming, and every exertion will be made on our part to acquit ourselves to the satisfaction of our patrons, and to make our Paper one of the leading Journals of the South-west.

South-west. In us, the Farmer and Mechanic will find ar dent supporters of their best interests, and the working-man of every avocation and pursuit, may rely on our willing and cheerful aevocacy and aid; the Pioneer and Squatter upon unocupied Public Lands, may look to us as to long-tried frends, for we are of them, and shall watch with a jealous eye over all their dearly bought rights and hard earned privileges.

With Politics we do not expect to meddle; but the public have a right to know of our antecedents, as well as to learn our present position. We have been old-line National Whigs of the Clay and Webster school, and we have yet to learn that these great Oracles of the Whig party were mistaken in their policy, or advocated any but wise and liberal principles; but as questions are to be acted upon of more immediate and vital importance to us and to the country than adher-ence to abstract Whig or Democratic doctrines, we cheerfully forego our former predilections for party, and define our position as follows: The present Administration has won upon our confidence by many of its leading measures, and

confidence by many of its leading measures, and we shall yield it our cheerful and humble support in such a policy as shall conduce to the general good. We fully endorse and will vindicate the principle of the Nebraska-Kansas Bill; the full and final abrogation of the Missouri Compromise, and the wise provisions of the Fugitive Slave Law. Upon the all-absording question if Slavery, we may state without reserve, that we believe that the true interest of our Territory will be subserved by incorporating it with our Insti-tutions. For this end we shall fearlessly and thoroughly discuss the subject and while we have no affinities with the Freesoiler, and heartily de-test the Abolitionist, we still hope to conduct the controversy in the spirit of kindness and liberality. We thus nail our colors at the mast head, and we shall dodge no issues which may be pertinent to the main question. We are of those who cannot be lulled into a false security by the who cannot be lulled into a faise security by the 'masterly inactivity' and fair representations of our wily opponents. We are confident that the question is to be sprung upon us by our Freesoil friends, whenever the neutral flag can be dispensed with, and we are ready for the issue. As National men, we shall labor for the good of the whole counter for the Union and the Union in National men, we shall labor for the good of the whole country, for the Union, and the Union in its integrity; be we are free to admit, that upon this question, our sympathies and convictions are with the South and West, and that while we are engaged in the advancement of their interests, we are engaged in "a labor of love." We expect to make our Paper a medium of much valuable general intelligence to the public. We have an established Correspondence in Oregon, California, Utah and New Mexico, and will give the earliest reliable news from all intermediate noints. We will also have regular: Correspondence. points. We will also have regular Correspondents in all the principal Cities of the Union and a special Correspondent at the seat of the General Government. With this abstract of our principles and purposes, we submit our undertaking to the patronage of a generous public, trusting that we may merit their liberal
